CAMPUS AND LOCATION

Universidad Católica San Antonio de Murcia was established as an educational project focused on the active presence of students, professors and other members of the college community inside the campus.

The campus is located at the Jerónimos Monastery (13th Century building) with an area of over 225,000 square meters that includes gardens, parking spaces and sports facilities. Together with its baroque church, it is declared a Historic & Artistic National Monument.

Inside the campus, you will find well-equipped and spacious classrooms, libraries, auditoriums, meeting and workspaces, computer laboratories equipped for multimedia and language classes. Furthermore, the campus has its own television and radio broadcasting studios that air in the region of Murcia.

At only 4 km away from the urban center of the capital city of Murcia Region, the special environment of UCAM combines peace and tranquility with accessibility. Furthermore, the campus boundaries are not merely limited to the Jerónimos campus compounds but is spread across the suburbs of Guadalupe with the UCAM Sports Center located within the La Noria outlet shopping center that is just 5 minutes away. Also, UCAM has several satellite campuses across the region for exclusive classes held in the summer.

PERSON TO PERSON, FACE TO FACE

UCAM staff value personal relationships in the education context, which is why each student is given a personal tutor and classes are kept to a small number of students.

Each student is a reason for UCAM to continue striving for excellence. This core guideline is reflected by the variety of the academic programs on offer in UCAM's curriculum, which

constantly adapt to the changing needs of society and are recognized by the European Higher Education Area.

Students of UCAM's Faculty of Health Sciences carry out practical classes and group work in specialized laboratories. The dynamism of the group, the importance placed on practice and the proximity to students are top priorities for the lecturers.

LEARNING IN ACTION

UCAM empowers students to develop their practical skills for application in the professional world.

The campus' top class infrastructure, labs and studios, allied with its practical subjects, prepare students to put the acquired knowledge into action.

Each student is required to complete an internship in a public or private institution where they will gain a taste of their field of expertise even before they graduate.

For students with exemplary academic profiles, UCAM provides them with more than 50 research opportunities to collaborate with enterprises such as Coca Cola, Danone, Santander, Repsol, Vodafone, LFP, ACB League, Hertz, Caritas and McCann-Erickson.

BEYOND KNOWLEDGE; INCULCATING VALUES

As a Catholic institution committed to the Church, UCAM does more than just provide a top quality education.

The transmission of values is a pillar of the university, making the difference in the future of our students: they not only go on to become great professionals but they will also develop strong personal ethic and empathy.

UCAM's formation is integral, comprehensive and provides opportunities for personal development through volunteering activities, congresses, seminars, research projects and religious services.
