FOUR STEPS TO A HIGHER-LEVEL CAREER

Become a Specialist in High-Demand Sectors

In today's competitive job market, being a specialist will ensure you stand out from the crowd. Our portfolio of Master's degree programs give you the opportunity to build knowledge and skills in one of four areas: International Hospitality Business, Luxury Management and Guest Experience, Entrepreneurship and Innovation, or Finance, Real Estate and Hotel Development.

Learn to Think Outside the Box

As a Glion graduate student, you will develop a balanced approach to business innovation, combining rigorous research and analysis with creativity. The business courses will teach you to measure performance and drive teams towards great results in key departments. At the same time, you will learn to lead strategic plans to improve and grow the business.

Master the Art of Perfection

The art of hospitality – a warm welcome, exceptional service, timing, and presentation – cannot be learned in books. If you lack hospitality experience for the Master's degree, you will be offered to join our pre-sessional Hospitality Immersion Program that covers the industry standards and management responsibilities in fine-dining, service and culinary arts, guest relations and housekeeping.

Gain Real Business Experience

For selected projects, you will conduct research, analyze data and prepare presentations which will be critiqued by faculty, industry experts and real companies.

On field trips, you will put your knowledge to the test in real international hospitality, luxury, innovation and real estate businesses.

I am always working on something new; enabling me to learn a lot, develop new skills and to support people. As HR trainee, I will be managing projects and I will gain insights into the strategy of the company. It's great that I have responsibilities even though I'm new and just a trainee.”

“

I knew I wanted to go into hotels... and I wanted to get some momentum behind me and get a fast start in the industry, so I went to Glion. Upon graduation, I got a job offer from Mandarin Oriental, the flagship property in Hong Kong where I had an incredible time and a terrific learning environment. Then, I came to the Ritz London and started as a Management Trainee.

With the help of everything I learned, I progressed quickly and would therefore highly recommend Glion.”

STUDENT CLUBS AND ACTIVITIES

At Glion, you will be the driver of your own student experience and have the chance to try many new things. Every student is a part of our Student Government Association, where you can make your voice heard, organize committees and events and take part in the leadership of the school. Every semester, the campuses are buzzing with events and activities: talent shows, baking and cooking competitions, cultural fairs, sports competitions, theme nights, fundraisers and much more awaits you.

LEADERSHIP PROGRAMS

The Student Government Association

The Student Government Association (SGA) officially represents the student body and is a link between the students, senior campus management, faculty, staff and all other student associations. Elected by peers, the SGA consists of a committee that acts as the student governing body in accordance with their constitution. The SGA committee is empowered to organize a wide range of activities and to supervise, lead and manage all other Glion committees. This brings students together to improve the overall Glion experience.

The Glion Ambassador Program

The Glion Ambassador Program supports students in developing and improving their leadership skills and strengthening their future employability. Selected each semester by Student Affairs, the Glion Ambassador Program's aim is to improve student life on campus through peer-to-peer support, events and activities while representing the school during open days and VIP visits.

The Glion Committees

The Glion Committees allow students to explore their creativity and personal interests, while developing leadership and management skills by organizing events. The committees consist, for example, of arts, sports, charities, Gradcom (graduation), networking, green, wine, culinary and entrepreneurship.
