Assessment of Foreign School-Leaving Certificates and  
Degrees for Studies at the University of Bern

[www.unibe.ch](http://www.unibe.ch)

## Preliminary Remarks

---

You have decided to study at the University of Bern or you are considering registering. This brochure informs you in detail if your upper secondary school-leaving certificate and/or higher education qualifications allow you to study at the University of Bern.

The University Law (UniG) of 5 September 1996, the University Ordinance (UniV) of 12 September 2012 and the University Statute (UniSt) of 7 June 2011 as well as the regulations pertaining to them are the legal foundation documents of this brochure. According to article 11 para. 2 of the University Ordinance, the admission requirements for prospective students with foreign qualifications were adopted and confirmed respectively at the session of the University Directorate on 11 December 2018.

All foundation documents are available online in the legal documents collection of the Legal Services Department [www.rechtsdienst.unibe.ch](http://www.rechtsdienst.unibe.ch).

Bern, in January 2019

This brochure was translated from the German version. In the event of any discrepancy between the German and this English version, the German print version shall prevail.

Cette brochure est également disponible en français sur internet.

# 1 Introduction

---

## 1.1 Validity of these admission requirements

These admission requirements are valid for the academic year 2019/2020 only.

## 1.2 Principles

Swiss and foreign qualifications can be fully or partly recognised for either all, for all non-medical, or for certain courses of study. The recognised foreign upper secondary school-leaving certificates and higher education qualifications are listed in chapters 4 and 5.

## 1.3 Compulsory registration

(UniV, [www.belex.sites.be.ch/data/436.111.1/de](http://www.belex.sites.be.ch/data/436.111.1/de), art. 6 and following articles)

All students have to be registered. Those who are not registered may not make use of university services, i.e. they may neither attend lectures nor undergo assessments. There are special regulations for students who are registered at another institution of higher education and who are - on the basis of an agreement - completing a part of their studies at the University of Bern (see BeNeFri, mobility programmes, swissuniversities agreements and so on).

Doctoral students have to be matriculated over the entire period they are supervised.

## 1.4 Non-admission

(UniV, [www.belex.sites.be.ch/data/436.111.1/de](http://www.belex.sites.be.ch/data/436.111.1/de), art. 14)

Prospective students who are definitely not allowed to continue their studies in a degree course at another Swiss or foreign university or institution of higher education because of failure in assessments may not be admitted to studies in this degree course at the University of Bern. Students and doctoral candidates may at the same time be registered at only one Swiss or international university or higher education institution at the same study level. Anyone who is already registered at another university or higher education institution at the same study level cannot be admitted.

## 1.5 Visiting students

(UniV, [www.belex.sites.be.ch/data/436.111.1/de](http://www.belex.sites.be.ch/data/436.111.1/de), art. 7)

Students who are registered or on leave of absence at a recognised foreign university can register and undergo assessments at the University of Bern for two semesters at the most. Courses and assessments of degree programmes which are subject to restrictions on admissions are excepted. These students' university entrance qualifications or academic achievements are not scrutinised.

## 1.6 Auditors

(UniV, [www.belex.sites.be.ch/data/436.111.1/de](http://www.belex.sites.be.ch/data/436.111.1/de), art. 8)

Adults of 18 years of age and above may register as auditors to attend lectures and seminars. They have no right to academic assessments and cannot earn ECTS credits. Courses attended as an auditor cannot be counted toward a degree. The registration takes place each semester and is chargeable. Auditors of lectures have to register by 30 September for the autumn semester respectively 28 February for the spring semester.

## 1.7 Aptitude tests

swissuniversities sets an aptitude test for entry to the study of human, dental and veterinary medicine in early July whenever the number of applications exceeds the number of places.

It is expected that an aptitude test will be conducted for entry to the Bachelor of Sports Science Major and Minor (60 ECTS) at the beginning of May, if the number of applications exceeds the number of places.

## 1.8 Language tests

Depending on their choice of degree course, applicants who are not native speakers of German may have to provide evidence of an adequate knowledge of German (see the legal documents collection of the Legal Services Department [www.rechtsdienst.unibe.ch](http://www.rechtsdienst.unibe.ch)).

A very good knowledge of English is also required for certain master degree courses.

## 1.9 Deadlines for application for students and doctoral students

These are the application deadlines (date of receipt):

### Autumn semester

Bachelor	regular	late
Non-medical study programmes; but without Sport Science major and minor 60 ECTS credits	30 April	31 August
Sport Science major and minor 60 ECTS credits: 1 <sup>st</sup> semester	15 February	not possible
Medicine, Dental Medicine and Veterinary Medicine	15 February	not possible
30+ admission procedure	15 February	not possible

<b>Master</b>	<b>regular</b>	<b>late</b>
Non-medical study programmes	30 April	31 August
Medicine, Dental Medicine and Veterinary Medicine	15 February	not possible

<b>Continuing studies</b>	<b>regular</b>	<b>late</b>
Lawyer	30 April	31 August
Notary public	30 April	31 August
Priest/pastor	30 April	31 August

## Spring semester

<b>Bachelor</b>	<b>regular</b>	<b>late</b>
Non-medical study programmes, starting first semester: only with approval, see details on the study programme	15 December	31 January
Non-medical study programmes without Sport Science major and minor 60 ECTS credits, starting in more advanced semesters	15 December	31 January
Medicine, Dental Medicine and Veterinary Medicine	not possible	
30+ admission procedure	not possible	

<b>Master</b>	<b>regular</b>	<b>late</b>
Non-medical study programmes	15 December	31 January
Medicine, Dental Medicine and Veterinary Medicine	not possible	

<b>Continuing studies</b>	<b>regular</b>	<b>late</b>
Lawyer	15 December	31 January
Notary public	15 December	31 January
Priest/pastor	15 December	31 January

<b>Doctorate</b>	<b>Autumn and spring semester</b>
Free doctorate	as soon as a supervision agreement has been completed <a href="http://www.doctorate.unibe.ch">www.doctorate.unibe.ch</a>
Graduate School	see the information of the relevant administration at <a href="http://www.graduateschools.unibe.ch">www.graduateschools.unibe.ch</a>

Late applications from candidates who require a visa in order to enter Switzerland are excluded.

## 4 Admission at doctoral level

.....  
(UniV, [www.belex.sites.be.ch/data/436.111.1/de](http://www.belex.sites.be.ch/data/436.111.1/de), art. 31)

For admission at doctoral level, applicants must hold a master's degree or an equivalent degree from a state or state-recognised university (see 5.1). The University of Bern regulates the permeability between the various types of Swiss Higher Education Institutions in the Regulations governing the admission to the university with a Bachelor's degree from a university of applied sciences or a university of teacher education by the Rector's Office of 21 August 2018 or in the overview attached (published on the Internet). Admission without a listed degree is not possible.

Any other requirements set out by the relevant faculty or graduate school (e.g. specific average grade or a specific result in the degree) must also be fulfilled.

Admission to doctoral studies with continuing education qualifications (Master of Advanced Studies, Executive Master or similar) is not possible.

## 5 Foreign entrance qualifications

.....  
(Decision of the University Directorate of 11 December 2018 based upon art. 11 of the UniV, [www.belex.sites.be.ch/data/436.111.1/de](http://www.belex.sites.be.ch/data/436.111.1/de))

### 5.1 Principles

Applicants holding foreign university degrees can be admitted without restriction to all degree courses as long as they hold a recognised university degree at bachelor, master, or licentiate level (minimum duration of study: 3 years full-time). A university degree is only considered acceptable if it was acquired as part of a successfully completed academic degree course at a state or state-recognised university.

Degrees from distance-learning universities are recognised only if the applicant can produce evidence of a study place on the corresponding master degree course at a regular state or state-recognised university entitled to award doctorates in the same country and if the degree course does not vary in content from a regular degree course at a state or state-recognised university.

Degrees which were acquired at a foreign campus of a state or state-recognised university will be recognised only if the foreign campus is also recognised by the State. Degrees which are issued for coursework at several universities (= acquired by Transnational Education diplomas) will be accepted only if all coursework has been completed at recognised universities, and at least half of the credits must have been acquired at the university which issues the degree.

Continuing education qualifications (Master of Advanced Studies, Executive

Master) and degrees from universities of applied sciences<sup>1</sup> (engineering schools, technical schools, schools for paramedical professions, music, art or foreign language schools, interpreter training schools, agricultural schools, hospitality and tourism management schools, etc.) and degrees from institutions which have agreements with a recognised university in another country will not be accepted for admission.

## **5.2 Admission to master degree programmes**

Prospective students who have acquired a recognised bachelor degree (minimum duration of study: 3 years full-time) at a recognised foreign university according to 5.1 are eligible for admission to a successive non-medical master programme in the relevant field of study at the University of Bern provided that the master's degree can be successfully completed with an additional maximum of 60 ECTS credits and independent of their upper secondary school-leaving certificate. The course regulations of the relevant master degree programmes define the maximum age of a diploma. Additional entry requirements may be specified in the study plans of individual master degree courses, and the completion of a master degree course can be made dependent on the evidence of further skills and abilities. Specialised master degree programmes may be subject to additional admission requirements.

Applications for the recognition of study periods and achievements have to be addressed to the Admissions Office. International agreements (Bologna Declaration, Lisbon Agreement and bilateral agreements with Germany, France, Austria, Italy and so on) are to be considered.

Prospective students must see that the prerequisites required in individual cases are fulfilled. On request, a proof has to be provided that they were not excluded or dismissed from university because of failure in assessments or other reasons.

At the University of Bern, some master degree programmes are offered in English language. Other courses of study are mainly held in German. Prospective students are responsible themselves that they are proficient in the language of instruction. Applicants who must complete elements in a preceding bachelor degree course to attain a degree at master level in the same field of study will usually need a very good knowledge of German.

## **5.3 Admission to bachelor degree programmes**

The list of countries under 5.7 starting on page 12 provides information about the admission qualifications which give access to all non-medical courses of study at the University of Bern. The faculties decide on the transfer of credits.

<sup>1</sup> Exception: Degrees from accredited German and Austrian universities of applied sciences in accordance with agreements.

In cases of certificates which have not been recognised, prospective students may need to pass an exam for a full Swiss or a cantonal upper secondary school-leaving certificate recognised by the Confederation.

German is the main language of instruction at bachelor level at the University of Bern. Prospective students whose mother tongue is not German have to furnish **proof of adequate knowledge of the German language** (see the German Test Regulations in the legal documents collection of the Legal Services Department [www.rechtsdienst.unibe.ch](http://www.rechtsdienst.unibe.ch)). The German test usually takes place approximately three weeks before lectures begin. Registration for the test is made in compliance with the admission regulations issued by the Admissions Office, and by 31 July as long as the application for admission to a course of study has been submitted in due time. Registration takes place only after the German test has been passed successfully.

## 5.4 General requirements for upper secondary school-leaving certificates

5.4.1 Qualifications or upper secondary school-leaving certificates from other countries have to meet the following requirements. They must

- ① be of general educational character,
- ② have been acquired after completion of at least 11 school years, of which at least 3 years at academic upper secondary school,
- ③ show an emphasis on Classical Languages, Modern Languages, Humanities and Social Sciences or Mathematics/Natural Sciences,
- ④ represent the highest possible level of upper secondary school in the country awarding the diploma,
- ⑤ grant admission to all university faculties and to all branches of study in the country awarding the diploma and
- ⑥ have been acquired in a full-time, class-based course of instruction.

5.4.2 With regard to point 5.4.1 foreign qualifications and foreign upper secondary school-leaving certificates are only considered to be of general educational value if at least 6 individual subjects of general educational value according to the following categories are stated continuously in the last 3 years of school education:

Subject group	Subject group category	Subject catalogue
1	first language	mother tongue or language of instruction
2	second language	free choice
3	Mathematics	Mathematics
4	Natural Sciences	Biology, Chemistry or Physics

Subject group	Subject group category	Subject catalogue
5	Humanities and Social Sciences	Geography, History or Economics/ Law
6	free choice	1 more subject from the subject groups 2, 4 or 5

- 5.4.3 The following university entrance qualifications and certificates are not recognised even though they meet the subject combination stated under 5.4.2 and represent a general upper secondary school-leaving certificate in the country awarding the diploma:
- ① subject related upper secondary school-leaving certificates or upper secondary school-leaving certificates from universities of applied sciences
  - ② degrees and diplomas from vocational schools and universities of applied sciences<sup>2</sup> (engineering schools, technical schools, schools for paramedical professions, music, art or foreign language schools, schools of business and management, interpreter training schools, agricultural schools, hospitality and tourism management schools, etc.)
  - ③ correspondence courses, evening courses and non-student school-leaving certificates
  - ④ school-leaving certificates from secondary schools and upper secondary schools which place emphasis on professional and vocational training as well as from schools that offer vocational training at the same time
  - ⑤ school-leaving certificates obtained after having attended schools (at upper secondary level II) that belong to different education systems. Exception: A proof can be provided that all three years at an academic secondary school were completed successfully.
  - ⑥ entrance examination certificates from foreign institutions of higher education
- 5.4.4 Applicants have to fulfil the conditions required in each individual case according to the following list of countries. Upon request, proof must be supplied that no exclusion or expulsion from another university has occurred as a result of failed performance assessments or for other reasons.

## 5.5 Supplementary examination (entry at bachelor level)

The upper secondary school-leaving certificates of some countries are accepted only together with a supplementary examination. The supplementary examination is held once a year before the start of the

---

<sup>2</sup> Exception: Degrees from accredited German and Austrian universities of applied sciences in accordance with agreements.

autumn semester; see [www.bachelor.unibe.ch/eng](http://www.bachelor.unibe.ch/eng) → Application and Admission.

Application deadline and examination dates ([www.bachelor.unibe.ch/supplementaryexamination](http://www.bachelor.unibe.ch/supplementaryexamination)):

Application deadline	Exam session	
	written	oral
15 June	calendar week 33	calendar week 35

Applicants can only take the supplementary examination with a confirmation from the University of Bern that their qualifications in combination with a pass at the supplementary examination are sufficient for the desired degree. For this reason, a complete application must be sent to the Admissions Office.

The examination consists of five subjects:

- The language of instruction: German. As an exception, French may be chosen as language of instruction. Even in this case, a proof of adequate knowledge of the German language has to be furnished. The knowledge of the German language is decisive.
- 3 compulsory subjects: Mathematics, English and History (including introduction to Law)
- 1 compulsory subject from the following group: Biology, Chemistry, Physics or Geography (including introduction to Economics)

## 5.6 Upper secondary school-leaving certificates of the different countries

The upper secondary school-leaving certificates of the different countries are assessed on the basis of the following pre-requisites:

### 5.6.1 swissuniversities guidelines

These guidelines were adopted by swissuniversities in spring 1990. They are reviewed regularly.

### 5.6.2 "Lisbon Convention"

The parties to the Lisbon Convention mutually recognise those qualifications which enable their holders to access higher education in the country of issue.

Compensations are defined in case of a substantial difference in the assessment of foreign upper secondary school-leaving certificates. According to articles IV.4 and IV.5, the admission to a certain higher education programme can be made dependent on the fulfilment of additional specific requirements (e.g. special faculty admission or **proof of admission** to higher education).

### 5.6.3 "University Convention No. 15/1953"

#### 5.6.4 Bilateral agreements

Bilateral agreements about university equivalencies exist with Germany, Austria, France and Italy. On the basis of these agreements, prospective students can be admitted to a degree course in their former field, independently of their previous qualifications, if they have already successfully completed an important part of their degree course (usually to the extent of stage I studies or a bachelor degree) with an intermediate test (not a single-subject examination) at a recognised German, Austrian, French or Italian university. However, aptitude and language tests may have to be taken. The Bernese faculty in question recognises completed study areas in their decision on placement in accordance with the agreements.

### 5.7 Admission requirements by country - academic year 2019/2020

Definition of upper secondary school-leaving certificate: chapter 5.4

A proof of admission for the chosen subject at a recognised university entitled to award doctorates (proofs from distance-learning universities are not recognised) in the country of origin of the secondary school-leaving certificate may not be older than one year.

**Supplementary examination** for university studies in Switzerland for applicants with a foreign upper secondary school-leaving certificate: chapter 5.5

#### 5.7.1 International upper secondary school-leaving certificates

- |         |                                   |  |
|---------|-----------------------------------|--|
| 5.7.1.1 | <b>Baccalauréat Européen</b>      | recognised, if the school-leaving certificate complies with the list of subjects according to 5.4.2  |
| 5.7.1.2 | <b>Baccalauréat International</b> | recognised, if the school-leaving certificate shows 32 out of 42 points (without bonus points) and 6 subjects according to 5.4.2. At least 3 subjects must be in the Higher Level, of which at least 1 in Mathematics or another scientific subject (subject group 3 or 4) |

### 5.7.2 Country specific admission requirements

Country	Requirements
<b>Afghanistan</b>	Upper secondary school-leaving certificate of general educational value according to 5.4.2 with an average mark of at least 70 % plus <b>proof of admission</b> plus <b>supplementary examination</b> .  <i>Upper secondary school-leaving certificate:</i> • <i>Baccaluria / 12<sup>th</sup> Grade Certificate</i>
<b>Albania</b>	Upper secondary school-leaving certificate of general educational value according to 5.4.2 plus <b>proof of admission or supplementary examination</b> .  <i>Upper secondary school-leaving certificate:</i> • <i>Diplomë e maturës shtetërore</i>
<b>Algeria</b>	Upper secondary school-leaving certificate of general educational value according to 5.4.2 with an average mark of at least 12/20 plus <b>supplementary examination</b> .  <i>Upper secondary school-leaving certificate:</i> • <i>Baccalauréat d'Enseignement Secondaire Général (filiales littéraires et scientifiques)</i>
<b>Angola</b>	1 <sup>st</sup> university degree (minimum duration of study: 3 years full-time)
<b>Argentina</b>	Upper secondary school-leaving certificate of general educational value according to 5.4.2 with an average mark of at least 7/10 plus <b>proof of admission</b> plus <b>supplementary examination</b> .  <i>Upper secondary school-leaving certificate:</i> • <i>Bachiller</i>
<b>Armenia</b>	Until 2017: Upper secondary school-leaving certificate of general educational value according to 5.4.2 plus 2 years recognised full-time study at university in the country of origin of the upper secondary-school-leaving certificate.  As of 2018: Upper secondary school-leaving certificate of general educational value according to 5.4.2 plus <b>proof of admission or supplementary examination</b> .  <i>Upper secondary school-leaving certificates:</i> • <i>Until 2017: Mijnakarg (Iriv) krtutyany Atestat</i> • <i>As of 2018: Mijnakarg krtutyany Atestat</i>
